Download Postman

Download the app to get started using the Postman API Platform today. Or, if you prefer a browser experience, you can try the web version of Postman.

The Postman app

Download the app to get started with the Postman API Platform.

⬇ Linux (x64)   ⬇ Linux (arm64)

By downloading and using Postman, I agree to the [Privacy Policy](#) and [Terms](#).

[Release Notes](#)   ·   [Product Roadmap](#)

Not your OS? Download for Windows ([x64](#)) or Mac ([Intel Chip](#), [Apple Chip](#))
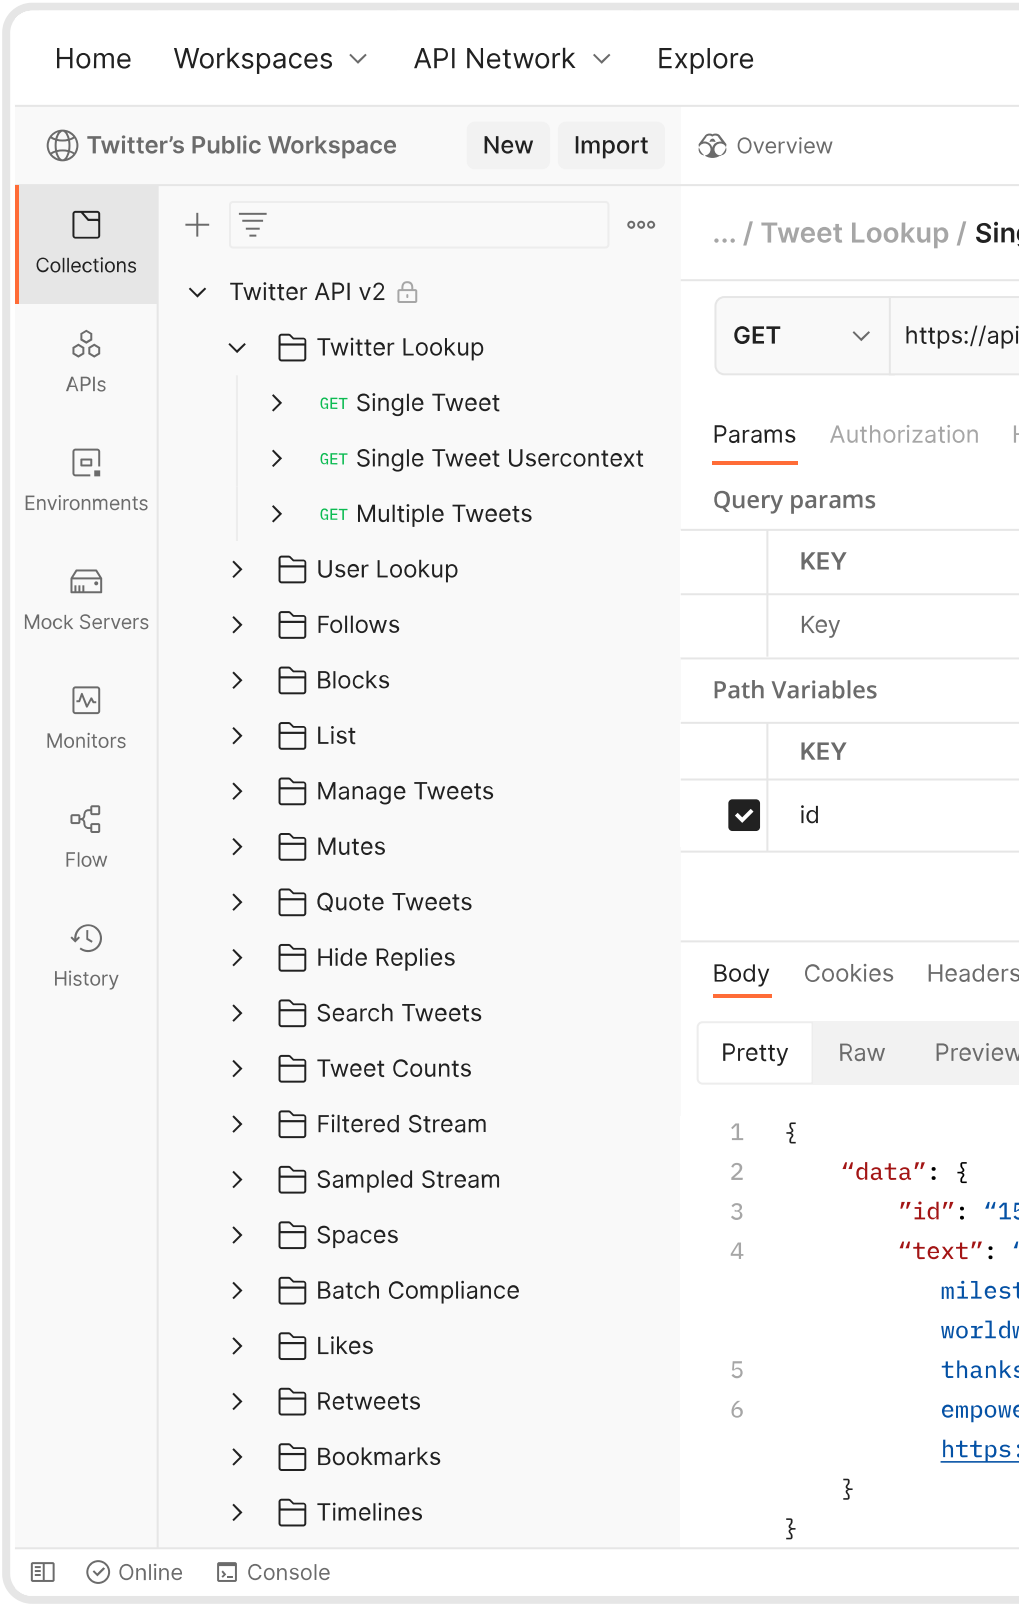

Postman on the web

Access the Postman API Platform through your web browser. Create a free account, and you're in.

Try the Web Version

Postman Enterprise

Postman Enterprise is designed for organizations who need to deploy Postman at scale.
[Learn more →](#)

Postman desktop agent

If you are using the Postman web client, you will need to also download the Postman desktop agent. The Postman agent overcomes the Cross-Origin Resource Sharing (CORS) limitations of browsers, and facilitates API request sending from your browser version of Postman. Read the blog post.

Download Postman Agent

Postman CLI

New!

The Postman CLI is the command-line companion that is developed, supported, and signed by Postman. It enables you to run collections, lint API schemas, run security and governance checks, and log in and out. All test results will be automatically pushed to the app.

Windows installation

Copy

```
powershell.exe -NoProfile -InputFormat None -ExecutionPolicy
AllSigned -Command "
[System.Net.ServicePointManager]::SecurityProtocol = 3072; iex
((New-Object System.Net.WebClient).DownloadString('https://dl-
cli.pstmn.io/install/win64.ps1'))"
```

Mac (Apple silicon) installation

Copy

```
curl -o- "https://dl-cli.pstmn.io/install/osx_arm64.sh" | sh
```

Newman command line tool

Newman is a command-line collection runner for Postman. It allows you to effortlessly run and test a Postman Collection directly from the command-line. It is built with extensibility in mind so that you can easily integrate it with your continuous integration servers and build systems.

```
npm install -g newman
```
Copy
